

## ITEM HM11001 : SALVAGE DRUM

A Skolnik Open Head Salvage Drum is constructed of high quality carbon steel and meets the UN design type requirements. Standard Salvage Drums feature yellow bodies with yellow or red covers, with a multilingual salvage drum logo in red. Available options include 3/4" vent plugs and corrosion resistant epoxy phenolic lining. Each Skolnik Steel Salvage Drum tests successfully on relevant international standards, including the "T" rated salvage drum.
